Beef, pork, fish, flour, hams and butter were routed out on deck, and converted into palatable food by dint of keeping the heat night and day without intermis-

Long before we reached port Capt. door, was found to be securely fasten-Felton had abandoned the idea of ed-the bolt was on the side on which having Mr. Farley and all hands ar-they were, and it was locked, but rested for mutiny and sent home for Smith had managed in some way to trial, as at first he had threatened to tie the knob of the door to the beddo, and begged so abjectly that we stead, using part of the bedclothes for would never mention the subject while in port, that out of pity for the old rascal we gave the required promise. Some of us probably kept our word, but somehow the whole truth got out fastening which we have described .-

it, he came on deck. After a long, is teady look at the shipwrecked people, and their signal of distress, the stack calm, and in spite of everything only observed:

"We'll go in stays, Mr. Farley.—

"We'll go in stays, Mr. Farley.—

"We can never clear those confounded rocks on this tack."

"Mr. Farley stood still and stared at the captain as though he had not heard a word of the order.

"Bid you hear me, sir? We'll go in stays, I say, and stand off on the catastrophe she was entirely broken up and had disable and the captain as though he had not heard a word of the order.

"Bid you hear me, sir? We'll go in stays, I say, and stand off on the catastrophe and provisions had been sayed from the word, and also many of the light and if we could, I should not break my insurance by rouring in them breakers. Besides we are short of both provisions and water for our solves. Hant got nothing to spine them breakers. Besides we are short of both provisions and water for our solves. Hant got nothing to spine them breakers. Besides we are short of both provisions and water for our solves. Hant got nothing to spine them breakers. Besides we are short of both provisions and water for our solves. Hant got nothing to spine the more fall real and the captain fall through the more fall real and the captain and if we could, I should not break my insurance by rouring in mong them over thirty women for strangers."

"Me to came on deck. After a long the count of the captain the transport of the stars of the sate of the provisions and water for our solves. There is a circle of coral real standard of the captain the strain dependent of the sate of solves. 'Haint got nothing to spare for strangers."

"My God! Captain Felton, will you beings huddled together there on that leave those unfortunate people to perliah there on that rock—to die in the agenies of starvation and tortures of thirst?"

"My God! Captain Felton, will you beings huddled together there on that a leave those unfortunate people to perliah there on that rock—to die in the agenies of starvation and tortures of the ship, made up a total on board a first class East Indiaman for Mr. Farley, and the position of first officer in the same ship for my she lives, to pay a visit to her brother and suffering sizer-in law. Kossuth, since he became an exile, how lost his ing glances of a couple of bright eyes, ing glances of a couple of bright eyes, with just a faint glammer of success in that direction.

Close beside them lay a darger, long, with just a faint glammer of success in that direction.

press their gratitude in something On Thursday last a man named more substantial than words. As for Henry Smith, about 35 years of age, conventional broadcloth, had about gallant yard, and look out for the him an air of salt water easily enough clearest spot in that reef down yonder. dity I do not deal largely in—how-he stated were his daughters, aged ver we shall see.

Mr. Farley and myself both prorespectively 4, 6 and 9 years, arrived at the Pre-cett House, on the corner tested that we had done no more than of Clark and Van Buren streets, and our plain duty; nevertheless we would engaged a room there. Shortly after not repress the thousand warm ex- he engaged his room he went down pressions of gratitude bestowed from stairs to the proprietor of the hotel, at the North Pole the sun appears to every quarter, any more than we Mr. Fox, and tendered him the sum sweep horizontally round the sky could the modest, grateful glances and of \$50, with the request that he should every twenty-four hours without any "There was not a sailor in the ves. gracious smiles of Miss Arline Prins send it to some person in Saratoga, perceptible variation during the cirand her little Bantam cousin.

N. Y. (whose name Mr. Fox has since cuit in its distance from the horizon.

"Are you the captain of the brigan-forgotton), and along with it send tine yonder?" inquired Mr. Prins of word that he (Smith) was dead. Mr. 28 minutes above the horizon, a little "No sir, I am her chief mate. The from a man as hale and hearty to all to the zenith, the highest point that it captain is a prisoner in his own cabin appearance as Mr. Smith, rather sin- ever reaches. From this altitude it

the man who was chief mate of the brigantine at that time, and my own, too, I may say. It has been there twenty years, and yet you see it looks new compared with the others. It's but a short splice of a yarn, and if you care to hear it. I'll ball it off to you before the bell rings."

"I shall be delighted to hear it."

"Well—you see the vessel was somewhere about a four year old craft at the time, and we were outward bound, from Boston to Rio, with a general cargo of flour, hams, butter, codfish, &c. The N. E. trades had seened as all the way from about 14 degrees up to the variables, and sowe that a times the little and in our teeth, and we could nover alongside, we had every shipwrecked soul, with whatever valuable effects they had saved from the wreek, sauge that a strong current would cut us split of all we could do. So there was nothing for it but to jam her in, and we were outward bound, from Boston to Rio, with a general cargo of flour, hams, butter, codfish, &c. The N. E. trades had seented us all the way from about 14 degrees up to the variables, and so we were in the sentence of the cart to the trade in our teeth, and we could nover alongside, we had every shipwrecked soul, with whatever valuable effects they had saved from the wreek, sauge that a time being the day of sinks lower, this twillight gradually some alarming thing, he had better take care of him. This settled the deficit the time being the grows fainter, till it fades away. On both a soul, with whatever valuable effects they had saved from the wreek, sauge that he time had seven the sinks lower, this twillight gradually some alarming thing, he had better alongside, we had every shipwrecked soul, with whatever valuable effects they had saved from the wreek, sauge that he time being the care to him. This settled the time bone had the sum is in all boards of sinks head soul, with whatever valuable effects they had saved from the wreek, sauge that the time being the care of him. This state care of him. This sinks lower, this twill along the p her through it at her best speed.

Our cabin was unusually roomy for who in a few minutes appeared on the of Richard Hildreth, wellknown as a scene of action, in company with historian and editor. two members of his force under his frequent showers afforded the needed command. The door of the room supply, while of provisions there was was still fastened, and the furious inan abundance in our hold, and under mate of the apartment excitedly avowstood in the passage, holding a coun-cil of war as to the best means of

storming the fortress, Mr. Fox remembered that there was another door cook's big stove at a high pressure to the room, from an adjoining apartment, and at it they at once made another attempt. It, like the other

THE WHELK OF ST. PAULS.

IN TH place of the one stove in on the coral of the insane. The letter referring to the wife was from a Dr. Gray, the di-rector of a Lunatic Asylum, and sta-ted that she seemed to be recovering from her mental affliction. It is believed that his wife's insanity may have been in a great measure the cause of Smith's loss of reason.—
What a dark cloud hangs over the future of these three children. Both
their parents insane, and the horrors

of such a fate overshadowing their young lives, insanity being a heredita-

ry malady, they cannot be too compas-

sionated.

Hickey, death at that place, on July 11th ult.

> He was born in Dearfield, Massachusetts, June 28, 1807, and graduat ted at Harvard in 1826. He was admitted to the bar at Newberryport in 1830, but his practice was never great or remunerative. His taste for literary pursuits early manifested itself. ies but his practice. In 1832, he was made editor of the Boston Atlas, but remained on it only two years. Is 1834, while residing on a plantation in Florida, he wrote his anti-slavery novel "Archy Moore," at one time a popular work. During the Presidential campaign of 1840, he wrote a life of Harrison, which had a very extensive sale. Several other works, hastily written at periods of great excitement among the anti-slavery men; were also written by him. Among his more dignified and less bitter works were a History of the United States and a volume on Japan. At the accession of President Lincoln he
